

Online Team Development Course

Every business at some stage uses teams to solve problems, be it 2 people or 20. There is a wealth of resource material available for team leaders, but where does a team member learn how to do their job more effectively as part of these teams leveraging off the strength of others?

This course will provide you with the tools and processes needed to ensure that your participation as either a team leader or team member is effective. You will learn about group dynamics, psychology of teams, the Mindshop eight week team cycle and project team revitalization.

Key Learnings

- > Learn how to improve your business through teamwork
- > Understand the key elements of successful teams
